COORDINATING COMMITTEE MEETING
(DLOACC)**

May 2nd, 2019

Present: Milan Georgevich, Marlow Lemons, Catherine Schult-Roman.

Fall 2018 Status Reports

Missing PLO #2 for Committee D

Spring 2019 SLO Course Coordinators and SLO Question and Rubric

Missing Committee D SLO questions and Rubric

Dr. Lemons will follow up with Committee D for SLO questions and Rubric.

It was recommended to send reminder emails to the committees to submit the SLO Questions and Rubric.

Communication ILO

No math classes were chosen for ILOs.

Adjunct Faculty SLO Template

Course Coordinator Catherine Schult-Roman brought in the adjunct faculty form for review.

Upon review, the form is not applicable to our department.

Year End Facilitator Report

It was mentioned that it can be challenging to get accurate data from the Committee D SLOs, due to adjunct instructors teaching many classes of the Committee D courses. Because of the AB 705 this challenge for the year end facilitator report will resolve itself due to fewer classes being offered.
