

Chemistry Consistency
December 9, 2013
12:45pm

Attendees: Tom Stewart, Melvin Kantz, Ryan Turner, Ana Tontcheva, Miguel Jimenez and Jean Shankweiler

Ideas to Standardize Chemistry 4 and future efforts:

1. Institutional Research - grades in Chem. 1A. Compare Chem 1A grades for students that passed placement test and those that took Chem 4.
2. Include memorization lists in Chemistry 4 supplement (ions, solubility rules, etc).
3. Lab skills into instructor resource book.
4. Instructor manual – Include/update information for Chem. 4 sections.
5. Implementation
 - a) Orientation
 - b) Handbook for instructor
 - c) List memorization/lab skills - into instructor handbook
 - d) Mentor-contact person
 - Chemistry 4 - Ana Tontcheva
 - Chemistry 1A - Soshanna Potter
 - Chemistry 1B – Rob Shibao
 - Chemistry 21A - Pete Doucette
