

**Natural Science Division  
Division Curriculum Meeting  
Tuesday, March 23, 2010**

**Attendance:** J. Shankweiler, S.V. Lloyd, T. Palos, S. Leonelli,  
E. Goldmann, K. Gaines

**Curriculum for Review today:**

Astronomy 20 and Astronomy 25 were reviewed by the Astronomy department and submitted by S. V. Lloyd for course review. The proposals were reviewed and approved. Anatomy 32 was reviewed by various members of the Life Science Department and submitted by T. Bui for course review. The proposal was reviewed by the Division Curriculum committee and approved.

**Next Meetings:**

The next meeting is scheduled for Friday, April 2 at 12:30pm. There is no more curriculum to be reviewed this semester, so the committee agreed to cancel the meeting.

**6-year Review Cycle:** The 6-year cycle was reviewed. One error was found for Biology 103 in the timeline. J. Shankweiler will review the timeline, determine all courses scheduled for review in Fall 2010 and start the review process this semester.
