**Academic Senate Report**

- NO REPORT

**Area Council – T. Bui**

- NO REPORT

**SLO Report**

- Reminders will be distributed.

**Curriculum**

- Physiology 31 has been updated; copies will be distributed.
- Anatomy 30 has been distributed.
- There are approximately 6 course outlines to review.

**Summer/Winter Bumping rights**

- The faculty contract doesn't specify bumping rights for the summer session, only for the Fall and Spring semesters. Bumping rights were discussed, whether full-time faculty should be allowed bumping rights for Summer/Winter in the case when classes are cancelled? If bumping rights are allowed, then rules need to be created. There was a discussion on pros and cons. Jean will distribute ballots to all faculty to vote if bumping is to be allowed or not.

**Other**

- El Camino Compton Center is offering a late start Chemistry class.
