

Division of Natural Science

LS Department

November 4, 2019

1-1:50pm

Nats 123

MINUTES

Present: P. Parks, M. Stupy, B. Carey, J. Padilla, T. Palos, A. Valle, K. Villatoro, T. Bui, A. Grant

- A. SLOs: There has been great progress. The follow-ups are nearly all complete.
- B. Planning (was due 11/1): A printer was requested for LS-105, and a new ScanTron machine
- C. Hiring Update (AG): Earth Sciences ranked 6/25; LS Bio ranked 17/25
- D. Funding Bio awards (BC): Faculty will look into where to get funds for awards.
- E. LS-130/134 ventilation issue (MS): A. Grant will contact facilities again. M. Stupy would like to go to the President's office with the issue.
- F. Fridges, cadavers (JP): Mold remediation team Monday
- G. Clocks (JP): Facilities working on a response. There are too many systems built into the different buildings. Facilities will work through the problem.
- H. KGI (TP): T. Palos outlined the articulation agreement with the Keck Graduate Institute (part of Claremont Colleges).
- I. Wandering anatomy models (TB): If someone borrows models, be sure to have them put back. Amy will send out a memo regarding models.
- J. SI Support (PP): Many more SI sections coming for spring '20!
- K. Announcements
