

LIFE SCIENCES DEPARTMENT MEETING
September 16, 2010
Nats 123 1:00pm.

Attendees: J. Bellemin, T. Bui, B. Carey, N. Freeman, C. Hoover, C. Killduff, R. LaFond, S. Leonelli, J. Padilla, T. Palos, L. Scharlin, M. Steinberg, M. Stupy, S. Trench, E. Boatwright (CEC), A. Osanyinpeju (CEC)

Welcome and Welcome Back

The department welcomed Anne Valle to her first department meeting as a full-time instructor and welcomed Jessica Padilla back from her leave.

Technician Report

Christie and Cynthia had nothing to report. Instructors are reminded to make sure the technicians have a copy of their lab schedules.

Substitute Needed

B. Carey may need a substitute for one or two classes when his baby is born, expected at the end of September. Teresa, Nancy and Jeanne can help depending on the classes affected. Christie and Cynthia asked to be notified as well, so they know to expect substitute instructors.

SLO

The Biology group and the Health Science Group independently worked on identifying a complete set of SLOs for their programs and courses. They discussed the SLO statements already submitted, what needs to be included and rubrics to assess.

Other

Simon Trench will submit paperwork for the Health Science group to have a Brown Bag workshop on September 21. Nancy Freeman will submit paperwork for a Brown Bag seminar on September 23 for the Biology group.

Next Meeting

October 28, 2010 at 1:00pm in Nats123.

Adjourned at 1:50 pm
