

Division of Natural Science

LS Department

October 1, 2020 1-1:50pm Zoom

MINUTES

Present: P. Parks, B. Carey, J. Padilla, T. Palos, A. Valle, K. Villatoro, T. Bui, M. Dobbs, A. Grant

- A. SLOs: They are progressing nicely.
- B. An Anat & Phylo resource page is in the works. Links will appear on the NS Division page and the Meta Major STEM page.
- C. The Division Council agreed that we would only seek a hire in Astro this year. In the following year, we will ask for a Life Scientist.
- D. The funding for Guided Pathways Academic Technology was explored. Faculty were encouraged to apply.
- E. M. Mubarak emphasized that the department would benefit greatly from having an Anatomage Table. It would enable our department to be state-of-the-art.
- F. M. Dobbs has digital images of anatomy models to share.
- G. M. Dobbs described at-home dissection kits for students.
- H. M. Steinberg asked if Labster will continue next semester, and AD instruments.
