

**Division of Natural Science  
Physics/Astronomy Dept Meeting**

September 12, 2019

1-1:50pm

Phys 101

---

**MINUTES**

**In Attendance: P. Hacking, D. Wright, SV Lloyd, Z. Murdock, E. Goldmann, J. Coroneus, S. Kadakia, S. Stolovy, A. Grant**

- A. SLOs (PSCI-25 due this semester; PLO was due last spring). S. Stolovy will help the new PSCI-25 instructor with the SLO. E. Goldmann will look into the PLO and work with J. Coroneus.
- B. Mercury transit outreach (SK): Mercury will transit on Veteran's Day, while the school is closed. A. Grant will find out if students can gather in the morning to see the transit of Mercury.
- C. Astrobio course update (SK): The course will be reviewed by the CCC on 9/30. It may be offered in fall 2022.
- D. Telescope repair (PH): 5 out of 11 telescopes are not working. Dan will call Celestron to get a quote.
- E. Astronomy tech (PH): Susan and Shimonee will help hire.
- F. Failing projector in Phys 112 (SS): It was working on 9/12, but we should keep an eye on it. The planetarium projector bulb seems to be on its way out.
- G. Technician Issues to Report: None
- H. Announcements: Five Phys-1A sections seems to be the right number. Could a plaque be gotten for the contributions of Dave Pierce?
