Distributed.

Update on video project: K. Hull will schedule a date to film video.

2. Professional and Personal Growth Assessment Timeline

A list of faculty that will be participating is available. There are 42 sections – 15 from CEC; 27 from ECC. There will be approximately 1,200 students involved. A suggestion during the flex day workshop was to include more student participants in the survey. K. Laureano will send an email to faculty who are selected to survey their students. Deans and facilitators will be copied on the email. Faculty will be emailed the 5th week of the semester and the survey will be sent out during the 6th week. Surveys should be returned in two weeks. C. Subramaniam and D. Vakil will send out an email to CEC faculty.

3. Community Collaboration Core Competency

Target courses that are map 4 under this core competency. Recruit faculty to help with decisions, assessment, and feedback.

Streamline the meeting so faculty will only need to attend one meeting.

- (1) Ask to participate – brainstorm
- (2) Administer survey – spring
- (3) Provide feedback from results
- (4) Check with D. Manno if flex credit can be provided.

April 23 will be set aside to discuss and begin planning how the community collaboration core competency will be assessed in Fall 2012.

4. Critical, Creative, and Analytical Thinking Results

Feedback was provided on the results of the core competency activity. Eight faculty responded to survey.

It was suggested that the ALC co-chairs attend the Faculty Development Committee meeting and provide the core competency PowerPoint presentation.

J. Soden developed 27 questions for Behavioral & Social Sciences in survey monkey. 22 full-time faculty participated.
