SLO #1 Leadership Skills - Students will identify recreation leader skills and correctly apply those skills while facilitating cooperative play activities. Course SLO Status: Active Course SLO Assessment Cycle: 2014-15 (Fall 2014), 2017-18 (Fall 2017) Input Date: 11/12/2013 Inactive Date: Comments::	Presentation/Skill Demonstration - Students gave a presentation where they were required to demonstrate leadership skills and lead fellow students in a specific cooperative play activity. Standard and Target for Success: 80% of students should earn an 80% or higher on their presentation. Additional Information:	Semester and Year Assessment Conducted: 2017-18 (Fall 2017) Standard Met? : Standard Not Met 30 students gave a presentation demonstrating their leadership skills and ability to lead fellow students in an activity. Students first had to state leadership skills and then they chose a cooperative play activity to lead the class in. 22 students were able to score an 80% or better on their presentations, while 25% of the students were unable to successfully lead their peers. This gave the class a 75% success rate, with only 8 students falling below the 80% pass threshold. The students who did not pass were mostly people who did not attend class regularly or had a phobia of speaking in front of others. More time could be spent on practicing speaking in front of a large group so students become comfortable with their leadership skills and knowledge. (12/11/2017) % of Success for this SLO: 75 Faculty Assessment Leader: Tom Hazell Faculty Contributing to Assessment: Dave Bacon, Liz Hazell	Action: Students would benefit from updated recreation equipment and from classes that teach more games geared towards kids.
