SUBJECT: Request for Removal as Party of Interest
DATE: October 15, 2013

Dear Carolyn,

This is to inform you that the El Camino College Federation of Teachers, AFT Local 1388, wishes to be removed as a party of interest from your Information Request and your Demand to Bargain.

In your two correspondences with Drs. Thomas M. Fallo and Keith Curry, dated October 3 and October 8 respectively, you identify "American Federation of Teachers Local 1388" as a party of interest in your "Demand to Bargain" and your "Information Request Concerning Demand to Bargain."

It is the position of the ECCFT that our bargaining unit had ample opportunity to bargain the effects of both agreements between the El Camino Community College District and the Compton Community College District before they were ratified.

In light of our position, we currently see no need for a demand to bargain the effects of the agreements, nor do we seek to be included in these current discussions of said demand.

Please remove the El Camino College Federation of Teachers, AFT Local 1388, as a party of interest in the aforementioned correspondences. Thank you for your prompt attention to this matter.

Sincerely,

Sean M. Donnell
President / Chief Negotiator
