

# El Camino College

*Proudly Educating the South Bay for 70 Years*

# ECC History

- After WWII, Redondo Beach, Inglewood, El Segundo, Centinela Valley and Torrance school districts decided a two-year college was needed
- Established in 1947
- Serving the community for 70 years: associate degree, transfer path to a university, career technical education, workforce education

# El Camino College Today

Located in the heart of the South Bay, the El Camino Community College District encompasses seven unified and high school districts, 12 elementary school districts and nine cities with a combined population of 533,000 residents.

**533,000**  
DISTRICT RESIDENTS

 **25,000**  
**STUDENTS**

As the college grew from an enrollment of fewer than 500 in 1947 to approximately 25,000 students today, the curriculum expanded to include lower division transfer courses, an honors program and a comprehensive set of career and technical education programs.

Today, El Camino College students enjoy a broad curriculum featuring 99 degree programs and 83 certificate programs.

**MORE THAN**  
**1,150**   
**FULL- & PART-TIME**  
**FACULTY**

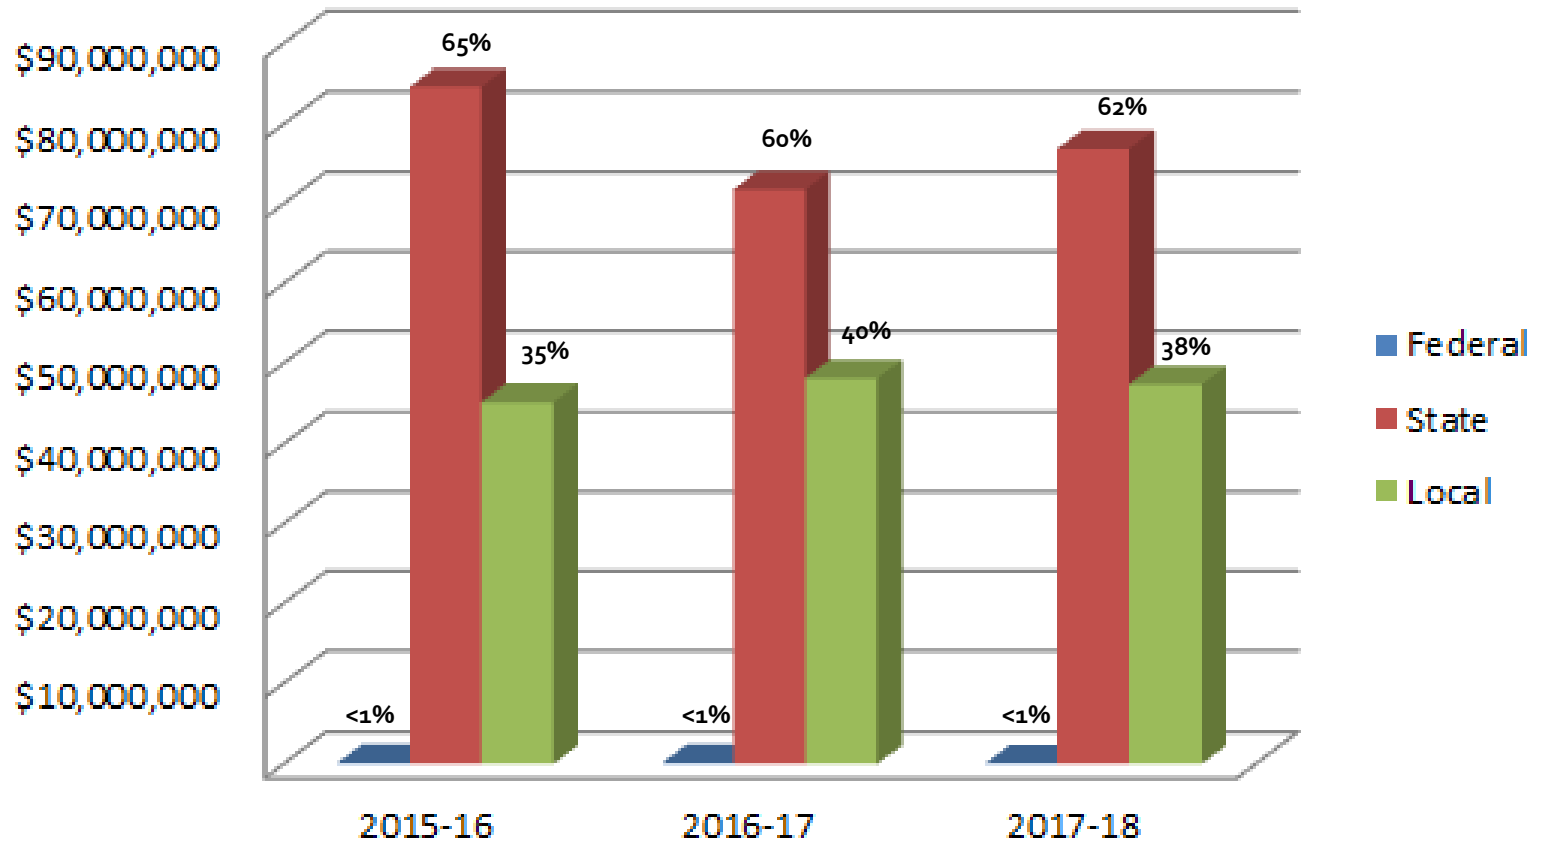

The El Camino College faculty has grown since the first 30 instructors were hired in 1947.

Today more than 1,150 full- and part-time instructors teach at ECC.

Nearly 25 percent of the full-time faculty has earned doctoral degrees, while more than 90 percent have master's degrees.

## Private

1. University of Southern California
2. Loyola Marymount University
3. Biola University
4. University of Phoenix
5. Mt. St. Mary's University

# ECC Top HTP Transfer Destinations

# Student Success

- Most students enroll prepared for college-level work and complete classes successfully.
- Focus on helping students shorten their time to completion:
  - Encouraging full-time enrollment.
  - Accelerating developmental pathways and providing learning support to help students achieve success, complete and transfer.
- It is a top priority to make college affordable and accessible.

# South Bay Promise

## Why is the South Bay Promise important?

Free college enrollment fees\* for high school graduates in the South Bay might sound too good to be true, but that is the goal of the South Bay Promise. Many families in our community see college affordability as a key priority. In addition, creating a college going culture is necessary for economic growth in our community, benefits local businesses and creates a sense of pride in our community.

In the fall of 2018, thanks to the El Camino College Foundation, the South Bay Promise Program will be expanded to all public high schools in the El Camino College District service area. Enrollment fees for South Bay Promise participants will be paid for up to 500 public high school graduates in the District. These Promise students must commit to attend El Camino College in the fall immediately following graduation, enroll full-time, and complete the matriculation steps to help ensure success.

Through the South Bay Promise, students will go from high school directly to El Camino College with their choice of two pathways: transfer to a four-year university or career technical education.

## College is expensive. We want to help.

College Promise programs are initiatives that address the challenge of higher education affordability by offering funding for students to make college attainable. These initiatives also focus on developing a "college going culture" to increase higher education participation and completion rates of the students they serve, and, as a result, create stronger communities (Miller-Adams, 2015).

The California Community College system is the largest higher education system in the country, with 2.1 million students attending 113 colleges. College Promise programs are being developed at a rapid rate to serve the students of our state. The cost of higher education has increased dramatically, becoming less accessible to students of low to middle income families.

## Affordable. Accessible.

El Camino College launched the South Bay Promise in 2014 with two school districts within the El Camino Community College District (ECCCD): Inglewood Unified School District and Grunewald Valley Union High School District. In fall 2017, the South Bay Promise will expand to include Torrance Unified School District. This original South Bay Promise was limited to 30 students from each district. Seeing the excitement and demand for the program, El Camino College is redefining and expanding the program in fall of 2018 to all public high schools in the college district.

\*Enrollment fees will be paid for full-time attendance at El Camino College.

# Dual Enrollment

Free college classes available for eligible juniors and seniors who want to earn college credits while still in high school.

# Student Support

- First Year Experience (FYE): helps students transition from high school to college
- Mathematics, Engineering, Science Achievement program (MESA): supports students who are majoring in math or science so they excel academically and transfer to four-year institutions
- Reading Center/Writing Center

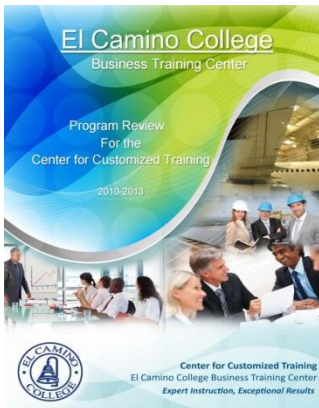

# Career Technical Education

EL CAMINO COLLEGE  
CENTER FOR THE ARTS

49<sup>TH</sup> ANNIVERSARY SEASON

2017-18

# Performing Arts

- For 49 years, the El Camino College Center for the Arts has enriched the lives of our students and communities.
- Community enrichment
- Enhance educational goals with workshops, seminars and master classes
- Performances for area elementary, middle and high schools students and special in-school visits by artists

Brenda Henriques; *What I Found... Dreaming of My Mother as a Movie Star*; 2017; Mixed media; 6' x 3'

# Art Gallery

- El Camino College Art Gallery presents six exhibits each year.
- Artist's lectures, demonstrations and performances for ECC students and the greater Los Angeles community.

## MOTHER AND CHILD

August 28 – September 21, 2017

Reception: September 7 from 7-9 p.m.

Artists' Talk: September 12 @ 1 p.m.

# Focus on the Future

Fiscally Sound

- ECC is a good steward of the public dollars we are entrusted to manage in the achievement of our mission
- ECC initiatives are appropriately resourced to succeed
- ECC plans for the future and can successfully manage economic uncertainties

# Focus on the Future

Innovative organizational culture

- ECC staff members are valued, engaged and encouraged to contribute to the success of our students and our community
- ECC has the professional development programs to prepare our institution for the future
- ECC has a “systems thinking” approach that is focused on the big picture
