## **El Camino College Celebrates Gymnasium Groundbreaking**

El Camino College recently celebrated the groundbreaking of a new Gymnasium.

The new gymnasium facility will house two full instructional and athletic competition areas for basketball, volleyball, and badminton. A multipurpose fitness facility, team locker rooms, faculty offices and other essential support spaces are also part of the plan.

The \$35 million project will replace both the North and South gyms with updated facilities, featuring seating for 1,241 in one area and 654 in the second area.

“The new gymnasium will provide students the opportunity to prepare for a career in health and fitness, as well as participate in athletic events in a premier facility,” said El Camino College Superintendent/President Dena P. Maloney. “The Gymnasium is funded from the 2002 Measure E Facilities Bond. On behalf of El Camino College, thank you again to the voters in our community who continually support El Camino College.”
