

ID.me

Benefits to Students

- Protects student identity
- Helps prevent fraudulent persons from taking spots from real El Camino Students

Acceptable Documents For Identity Verification:

To verify your identity, you must provide two documents

1. One Photo Identification-For example: State identification (ID) card, Driver license, Permanent Resident Card, Passport, or Employment Authorization Document
2. One Identity Document-Employment record (e.g. paystub), address verification (any bill or financial statement showing your name and residence address), or Official birth certificate (with official translation, if any)

ID.me is the fastest and quickest option to verify your identity, so we highly encourage all students to use this expedited process when possible. **Note: This is an optional requirement for students.**

Not all students will be able to use ID.me:

- No valid identity documentation from the country of origin
- No permanent address (housing insecure/homeless)
- No internet or a smartphone access (incarcerated)
- Minors (under the age of 18)
-

ID.me enhancements are currently in progress which may make this tool available to more students in the future.

If you are currently enrolled, these changes will not impact you at this time. They will come into effect if you have a lapse of enrollment over one year and need to reapply.
