First Year Experience Workshop

Starting college can be overwhelming. The First Year Experience program assists first-time college students with the transition from high school, providing high-touch services like academic advising, transfer counseling, financial aid assistance, and academic learning communities. Our cohort-based learning model will help you make connections with students who are also in their first year of college. Join us to learn how you can be part of FYE in 2023!

Resource Fair

Collect flyers and meet with a variety of faculty, staff, and students to learn more about our Meta-Majors, Student Support Programs & Services, and Student Organizations/Clubs. Discover all El Camino has to offer!

Transfer Strategies Workshop

This workshop will address the many transfer opportunities that students have when they enroll at El Camino College. It's never too early to start thinking about the future!
