Welcome to VIRTUAL Community Education!

ABOUT COMMUNITY EDUCATION
We are live! We are remote! We are here for our community, providing our award-winning classes and programs, virtually. Register now for a variety of classes offered in live Zoom or self-paced online formats, including our dynamic KID'S COLLEGE program. El Camino College’s Community Education department provides short-term, not-for-credit classes, workshops, career-training programs and events designed for professional and/or personal development with a special emphasis on inspiring a sense of wonder and imagination toward life-long learning. College credit is not given for classes conducted by the Community Education department. There are no transcripts or grades. Community Education is a self-supporting entity of the college and is not funded by taxpayer dollars. We are here to help! If you have a special interest or particular need for a class, please send us your suggestion(s) to commed@elcamino.edu or text us at 424-279-4430.

**SESSION #1 (WEEK 1 & 2): JULY 12-23, Mon-Fri**

Last day to register: Thursday, July 1, 2021
**Course # | Title | Grade | Tuition | Instructor**

**MORNING: TWO WEEK 1:3 TUTORING CAMP MONDAY - FRIDAY 8:00 AM - 9:00 AM**

- **50695** Math Tutoring: High School Math–Algebra, Geometry, Trigonometry | 8 to 12 | $350 | Geanie Kim

**ONE WEEK CAMPS MONDAY - FRIDAY 8:30 AM - 11:30 AM**

- **50793** App Attack! (Aug 9 - Aug 13) | 3 to 5 | $179 | BlackRocket
- **50759** Battle Royale: Make Your First Fortnite Style Video Game (Aug 9 - Aug 13) | 3 to 5 | $179 | BlackRocket
- **50795** Minecraft Modders (Aug 9 - Aug 13) | 3 to 5 | $179 | BlackRocket
- **50749** Python Programmers (Aug 9 - Aug 13) | 6 to 8 | $179 | BlackRocket
- **50755** You Tube Content Creators (Aug 9 - Aug 13) | 6 to 8 | $179 | BlackRocket
- **50797** 3D Game Design With Unity (Aug 16 - Aug 20) | 3 to 5 | $179 | BlackRocket
- **50763** Code Breakers (Aug 16 - Aug 20) | 6 to 8 | $179 | BlackRocket
- **50779** Code Your Own Adventure! Interactive Storytelling (Aug 16 - Aug 20) | 6 to 8 | $179 | BlackRocket
- **50799** ROBLOX Makers (Aug 16 - Aug 20) | 3 to 5 | $179 | BlackRocket

**ONE WEEK CAMPS MONDAY - FRIDAY 9:30 AM - 11:30AM**

- **50713** Potions and Lotions Spa Camp (Aug 9 - Aug 13) | 3 to 12 | $125 | Quaym Abdul

**TWO WEEK CAMPS MONDAY - FRIDAY 9:30 AM - 11:30 AM**

- **50816** Math Amazing! Addition + Subtraction × Multiplication = Fun! | 3 to 4 | $199 | Keisha Bennett
- **50812** Middle School Reading Comprehension Essentials: The Play is the Thing! | 6 to 8 | $199 | Elizabeth Craig-Walker
- **50805** The Basics Of Golf–Virtual Sports Camp | 9 to 12 | $199 | Henry Walker
- **50698** High School Trigonometry Critical Concepts | 11to12 | $199 | Geanie Kim

**AFTERNOON: ONE WEEK CAMPS MONDAY - FRIDAY 12:30 PM - 3:30 PM**

- **50794** App Attack! (Aug 9 - Aug 13) | 6 to 8 | $179 | BlackRocket
- **50760** Battle Royale: Make Your First Fortnite Style Video Game (Aug 9 - Aug 13) | 6 to 8 | $179 | BlackRocket
- **50796** Minecraft Modders (Aug 9 - Aug 13) | 6 to 8 | $179 | BlackRocket
- **50750** Python Programmers (Aug 9 - Aug 13) | 3 to 5 | $179 | BlackRocket
- **50756** You Tube Content Creators (Aug 9 - Aug 13) | 3 to 5 | $179 | BlackRocket
- **50798** 3D Game Design With Unity (Aug 16 - Aug 20) | 6 to 8 | $179 | BlackRocket
- **50764** Code Breakers (Aug 16 - Aug 20) | 3 to 5 | $179 | BlackRocket
- **50780** Code Your Own Adventure! Interactive Storytelling (Aug 16-20) | 3 to 5 | $179 | BlackRocket
- **50800** ROBLOX Makers (Aug 16 - Aug 20) | 6 to 8 | $179 | BlackRocket

**ONE WEEK CAMPS MONDAY - FRIDAY 1:30PM - 2:30PM**

- **50854** Camp Chocolate (Aug 16 - Aug 20) | 3 to 12 | $188 | Romeo Garcia

**TWO WEEK CAMPS MONDAY - FRIDAY 12:30 PM - 2:30 PM**

- **50689** High School Algebra 1 Critical Concepts | 9 to 12 | $199 | Geanie Kim
- **50814** Drawing & Illustration | 3 to 5 | $199 | Angela Aylward
- **50813** Writing Skills Development For High School Composition (Grades 9-12) | 9 to 12 | $199 | Elizabeth Craig-Walker

**TWO WEEK 1:3 TUTORING CAMP MONDAY - FRIDAY 3:00 PM - 4:00 PM**

- **50699** High School Algebra 1 Critical Concepts | 9 to 12 | $199 | Geanie Kim

---

**3D Game Design with Unity (Grades 3-5)**

(Grades 6-8) #9730016

Become the creator of the next viral web app! In this class, explore the most popular .IO apps, design your own multiplayer experience and learn how to code your own app. Student-created apps will be accessible on a private site and can be played on any mobile device or computer. Publishing to App Stores not included. Students do not need to own a smartphone to take this class. Returning students can create more advanced projects that build on previous years. *Compatible with Windows OS only.

**Battle Royale: Make Your First Fortnite® Style Video Game (Grades 3-5)**

(Grades 6-8) #9730024

Fans of Fortnite we need you! Instead of playing the game, design your own. Using a professional 3D game development software, build levels and assets inspired by popular battle royale games like Fortnite. Students can participate in eSports League matches against other schools across the country with a chance to have their levels featured in the Black Rocket master build of the game! This course includes cartoonish action and battle sequences. Student-created games will be accessible on a password protected Black Rocket website to share with friends and family. *This requires a 64-bit operating system. *Compatible with MAC and Windows OS only.

**Cartooning & Drawing (Grades 3-5)** #480081

Do you love to draw and create your own illustrations? Join this fun Cartooning Class and learn how professional artists and cartoonists create amazing, colorful characters and make the world of cartooning a fascinating career. You will improve your drawing and cognitive skills by using basic shapes, perspective, characterization and your own imagination to draw cartoons. Learn how to illustrate two and three dimensional drawings while using pens, fabric markers and other coloring media. Become a cartoon artist this summer! Materials required for live remote class—please obtain these items to have ready for the first day of class: Set of pencils 2B-8B, Erasers, Set of colored pencils, Sketchbook 80-100 sheets or Ream of Copy paper, Tracing paper.

**Camp Chocolate (Grades 3-12)**

([Parent Optional]) #50854

Attention all chocolate lovers! No tent required for this camp, just follow your cravings to the sweetest chocolate adventure camp on earth. Led by the ultimate Camp Scout Leader, Master Chocolatier Romeo Garcia, this camp will convert your kitchen into an adventurous chocolate campground filled with wonderfully sweet creations. You’ll learn about the history and science of chocolate and receive a chocolate camp care package mailed to you from the famous Romeo Chocolates in advance of the camp. The camp care package will include the essential chocolate items you’ll need for Camp Chocolate. Your daily lesson plan includes: Introduction to Chocolate - Tasting chocolate bars (Monday), Tempering Basics & How to Make Chocolate Bars (Tuesday), Chocolate Seashells (Wednesday), Chocolate-Dipped Strawberries (Thursday), Hand Rolled Truffles and Junior Chocolatier Graduation Ceremony and Certificate! Your chocolate camp care package delivered from Romeo Chocolates will include tasting squares, Belgian dark, milk, and white chocolates, chocolate molds, golden wrappers, transfer sheet, pastry brush, invert sugar kit, freeze dried raspberries & strawberries, and a digital recipe booklet. Bon Appetit!
GRADES 1-12

CLASS DESCRIPTION INDEX

**Code Breakers (Grades 3-5) (Grades 6-8)** #9730034

Calling all future coders, programmers, & designers! Learn the basics of coding languages like HTML, JavaScript, and CSS through a series of web projects and design challenges each day and be on your way to becoming the next tech star! Whether you want to be a silicon valley CEO or the high school student who just made $1 million dollars for programming in her bedroom, this course has the essentials you need to begin your journey. Projects will be available on a Black Rocket website to share with friends and family. Returning students can create more advanced projects that build on previous years. *Compatible with MAC, Windows and Chrome OS.

**Code Your Own Adventure! Interactive Storytelling (Grades 3-5) (Grades 6-8)** #9730038

Watch as the characters in your imagination come to life in this unique course that blends classic storytelling with animation techniques and coding. Start with a concept, design the character, and choose not just one ending, but many! Learn how to create your own text-based adventure games with variables, conditional logic, images, HTML, CSS, and Twine scripting syntax. Student projects will be available on a password protected Black Rocket website to share with friends and family. *Compatible with MAC, Windows and Chrome OS.

**Digital Photography (Grades 5-12)** #9730043

Level up your skills and passion for the art of visual storytelling through photography! In this course you’ll learn the fundamentals of digital photography. Topics and fun interactive projects will include: Staging, Appeal, Lighting, Rules of Photography, Visual story telling through a camera lens and the basics of Macro, Portrait, Landscape and set photography. Bring a smartphone or a tablet to class!

**Drawing & Illustration (Grades 3-5)** (Grades 6-8) #4460061

Do you want to learn how to draw or become better at drawing? In this step-by-step drawing class, you’ll learn to draw through fun daily art activities. Each activity will cover a different topic, such as cartooning inspired by superheroes and Transformers, nature scenes with animals and plants. You’ll learn about color theory, shading techniques, and proper use of materials and tools including pencils, pens, and colored markers, all while you’re creating your daily masterpieces!

**Middle School Reading Comprehension Essentials: The Play Is the Thing! (Grades 6-9)** #435028

Need a little boost in visualizing a story or understanding the information in your high school textbook? Through a series of fun and engaging dramatic play readings aloud, students will acquire the critical thinking and reading comprehension skills necessary for optimal success in high school English. Student engagement will focus on how to bring meaning and life to the words on the page. The following standards will be the focus of instruction: • Citing textual evidence to support analysis and inferences drawn from the text. • Summarizing the text objectively. • Describing how characters change as a plot moves toward a resolution. • Comparing and contrasting the reading of a text to listening to or viewing an audio or video of the text.

**High School Algebra 1 Critical Concepts (Grades 9-12)** #410060

Through hands-on activities, interactive lessons, and expert direct instruction, students will acquire the critical skills necessary for optimal success. Students will be able to: solve two-step and multi-step equations. Students will be able to solve and graph one variable inequalities. Students will be able to write and simplify linear equations. Students will be able to solve a simple system of equation with graphing, substitution, and elimination.

**High School Algebra 2 Critical Concepts (Grades 9-12)** #410061

Through hands-on activities, interactive exercises, and expert direct instruction, students will acquire the critical skills necessary for optimal success. Students will learn to use the greatest common factor (GCF) and least common multiple (LCM) when adding, subtracting, and multiplying fractions. Students will learn to add, subtract, multiply and divide fractions. Students will explain how to divide mixed numbers. Students will learn to add, subtract, multiply and divide decimals.

**High School Geometry Critical Concepts (Grades 9-12)** #410020

Students will learn the fundamentals of geometry during this class while creating a collection of work that will guide them in their future studies. Topics will include points, lines, planes, segments and angles, triangles, symmetry, parallel and perpendicular lines, distance, midpoint and more. Problem solving, logic, reasoning, and Algebra skills are integrated within the course.

**High School Reading Comprehension Essentials: The Play Is the Thing! (Grades 9-12)** #435028

Need a little boost in visualizing a story or understanding the information in your high school textbook? Through a series of fun and engaging dramatic play readings aloud, students will acquire the critical thinking and reading comprehension skills necessary for optimal success in high school English. Student engagement will focus on how to bring meaning and life to the words on the page. The following standards will be the focus of instruction: • Citing textual evidence to support analysis and inferences drawn from the text. • Summarizing the text objectively. • Describing how characters change as a plot moves toward a resolution. • Comparing and contrasting the reading of a text to listening to or viewing an audio or video of the text.

**High School Trigonometry Critical Concepts (Grades 11-12)** #410025

Through guided discovery, cooperative learning, and problem solving, you’ll learn the critical concepts of Trigonometry (Precalculus), including the unit circle, trig functions, right angles, trig identities, and trig equations.

**Inventor's League - Prototyping for the Future (Grades 3-5)** (Grades 6-8) #9730019

Become an inventor of the future! Learn ‘rapid prototyping’ and problem solving as you conceptualize and design a product to solve a critical global issue. Each day begins with inspirational profiles of you inventors, such as the eleven-year-old who coded a robot to find victims of natural disasters. Next, research a problem to tackle in medicine, architecture, the environment, or a topic of your choosing. Once your vision is complete, learn how to draft 2D designs, create 3D models, and develop a website to pitch your ideas to the class. Student projects will be available on a password protected Black Rocket website to share with friends and family. *Compatible with MAC and Windows OS only.

**JavaScript Developer Jam (Grades 3-5)** (Grades 6-8) #9730041

Learn programming tools so powerful they seem like magic! Start off by learning a fun array of core programming concepts with JavaScript by experimenting in a series of digital challenges. Start with programming your first animated memes, then tackle more advanced skills such as interactive 3D experiences and game creation. Projects will be available on a password protected Black Rocket website to share with friends and family. *Compatible with MAC, Windows and Chrome OS.

**Make Your First Video Game! (Grades 3-5)** (Grades 6-8) #9730042

If you love playing video games, this is the camp for you! Make your own game in this one-of-a-kind class that shows you the keys to designing your first 2D platformer game. Conceptualization, play experience, level design, graphics, sounds, and simple coding are just some of the concepts that we’ll explore. No prior experience necessary, just a desire to have fun. Student projects will be available on a password protected Black Rocket website to share with friends and family. Games are only compatible on PC computers. Returning students can create more advanced projects that build on previous years. *Compatible with Windows OS only.

**Math Tutoring: High School Math– Algebra, Geometry, Trigonometry (Grades 8-12)** #410056

Customized High School Math instruction to provide optimal support needed to excel in High School Math. You choose the specific area of math you wish to study: Algebra, Geometry, or Trigonometry. The maximum number of students per class is 3 to 1 (instructor). This allows the instructor to provide individual attention to improve your abilities, skills, and confidence.

**Math-Amazing! Addition + Subtraction x Multiplication = Fun! (Grades 3-4)** #410054

Inspire a sense of amazement for math in your child in this fun, interactive, NOT BORING math class for grades 3-4. Students will fortify their understanding of multiplication, division, addition, and subtraction while conquering their fear of word problems and fractions through games, story, song and amazing fun!

**Middle School Reading Comprehension Essentials: The Play Is the Thing! (Grades 6-8)** #435028

Need a little boost in visualizing a story or understanding the information in a textbook? Through a series of fun and engaging dramatic play readings aloud, students will acquire the reading skills necessary for optimal success in 6th, 7th and 8th grade English. Student engagement will focus on how to bring meaning and life to the words on the page! The following standards will be the focus of instruction: • Citing textual evidence to support analysis and inferences drawn from the text. • Summarizing the text objectively. • Describing how characters change as a plot moves toward a resolution. • Comparing and contrasting the reading of a text to listening to or viewing an audio or video of the text.

**Middle School Reading Comprehension Essentials: The Play Is the Thing! (Grades 6-8)** #435028

Need a little boost in visualizing a story or understanding the information in a textbook? Through a series of fun and engaging dramatic play readings aloud, students will acquire the reading skills necessary for optimal success in 6th, 7th and 8th grade English. Student engagement will focus on how to bring meaning and life to the words on the page! The following standards will be the focus of instruction: • Citing textual evidence to support analysis and inferences drawn from the text. • Summarizing the text objectively. • Describing how characters change as a plot moves toward a resolution. • Comparing and contrasting the reading of a text to listening to or viewing an audio or video of the text.
**Minecraft® Designers**  
(Grades 3-5)  
(Grades 6-8)  
#9730003

If you love the game Minecraft and always wanted to design your own world, this class is for you! Learn how to create a custom map, the basics of creating 3D models using a new software to design your very own objects, how to build with Redstone and Command blocks, and create custom textures for you to import at home or share with friends. Students must own a Java version of Minecraft to take this class. Tablet, phone, and game console versions of Minecraft are not compatible. Parent email address is required to use 3D modeling software. Returning students can create more advanced projects that build on previous years. *Compatible with MAC and Windows OS only. Purchase Minecraft Java Edition.

**Pokémon® Masters: Designers & 3D Makers Unite!**  
(Grades 3-5)  
(Grades 6-8)  
#9730035

Calling all boys and girls who want to be the designers of the future! In this class, if you can dream it, you can make it! Begin by creating your own digital Pokémon-style custom playing card game. Progress onto designing action[1] figures, jewelry, and toys in professional-level modeling software. Learn how to prepare a model for 3D printing and create a design portfolio to showcase your work! No prior experience is necessary and 3D designs will be available on a password-protected Black Rocket website to share with friends and family. *Compatible with MAC and Windows OS only.

**Python Programmers**  
(Grades 3-5)  
(Grades 6-8)  
#9730015

Want to learn the world’s fastest-growing programming language favored by Google, NASA, Youtube, and the CIA? Learn how to code with Python to create engaging apps and games. Each lesson takes you step-by-step on a programming path that will help you create something unique to yourself. *$10 license fee per student with this class. *Compatible with MAC and Windows OS only.

**Potions and Lotions Spa Camp**  
(Grades 3-12)  
(Grades 6-8)  
#9730008

Turn your kitchen into a soap and lotion artisan studio! In this weeklong virtual craft camp, you and your kid(s) will learn the fine art de-stressing, with the help of a little math and science! Each day of this five-day camp, you’ll learn how to make a different product to turn your home into a spa. From soaps, lotions, fizzy-bath bombs, lip-balm, and foot scrubs, you’ll learn the art of mixing, melting, scented, decorating, and pouring your own spa-product masterpieces. Let your spa imagination go wild! Preparation for Spa Camp: In advance of the class, a daily project schedule and materials list will be emailed to you. Many items you will easily find in your home or you can purchase at the grocery or online. Set up your materials at an open workstation in front of your computer or device prior to logging on to the camp. Parents are welcome and encouraged to attend, for a family fun camp experience!

**ROBLOX® Coders & Entrepreneurs!**  
(Grades 3-5)  
(Grades 6-8)  
#9730023

Discover how to code in the Lua language while playing and designing worlds in ROBLOX®, an online universe where you can create anything you dream of. This new class combines game design concepts, coding, and fun! Young entrepreneurs will also learn how to navigate ROBLOX®’s fast-growing marketplace to publish their games. Student-created games will be available on a password-protected Black Rocket website to share with friends and family. *$10 license fee per student with this class. *Compatible with MAC and Windows OS only.

**ROBLOX® Kart Racers: Design A Mario Kart Style Game**  
(Grades 3-5)  
(Grades 6-8)  
#9730021

On your marks, get set, create! Blast off in making your own 3D Mario Kart® and Crash Team Racing® style game! Design your own tracks and customize your karts and characters. Using a professional 3D game development software, students will combine their creations into their own kart racing game that they can play with friends and family at home. Students can participate in eSports League races against other schools across the country with a chance to have their tracks featured in the Black Rocket master build of the game! Student projects will be available on a password protected Black Rocket website to share with friends and family. This requires a 64-bit operating system. *Compatible with MAC and Windows OS only.

**Stop Motion Animation**  
(Grades 6-8)  
#9730003

Learn the art of animation! Through the art of capturing movement and motion, you’ll learn how to stage shots and develop interesting camera angles that will have you creating your own animation story. Materials required for live remote class—please obtain these items to have ready for the first day of class: Learn the art of animation! Through the art of capturing movement and motion, you’ll learn how to stage shots and develop interesting camera angles that will have you creating your own animation story.

**The Basics Of Golf--Virtual Sports Camp**  
(Grades 3-5)  
(Grades 6-8 & 9-12)  
#950034

It’s a great time to learn the fundamentals of golf from the comfort of your home! Get ready to hit the golf course when the COVID-19 pandemic is over. In this virtual live zoom golf camp, you won’t need an opponent or partner to participate. The focus will be on drills that you can do by yourself (or at most you and your living room or driveway) without special facilities. Experience fun virtual activities to help you learn basic golf language, rules, and golf tips that will help you master your first golf lesson and be ready to play on a real golf course after COVID-19 Equipment You’ll Need: A golf club (wedge, iron, or putter) and at least three golf balls.

**Spanish Tutoring: Introduction to Spanish Conversation**  
(Grades 8-12)  
#50852

Start from the very beginning and learn to speak Spanish clearly and effectively. No more than 3 students per class. No text book required, however, if you have a book you are currently working with during the school year, bring it to class.
and a storyline. Finish with a fully animated character to be used in your very own game. Students do not need any prior experience in game design, animation, or sketching. Student-created games will be available on a password-protected Black Rocket website to share with friends and family. *Compatible with Windows OS only.

**Virtual Reality: The Future is Now (Grades 3-5)** #9730009

Embark on an EPIC adventure in virtual reality! In this cutting edge class, you will learn the foundations of VR design by creating your own virtual worlds, exploring simulated environments, and crafting memorable 3D experiences. At the end of the week, take home your first cardboard VR headset to show friends and family the new worlds you created. VR projects can be viewed on a website or a mobile device. Students do not need a mobile device to take the class, but to use the VR headset at home a camper will need access to an Android or Apple mobile device. Students will work in pairs or teams and VR Games will be available on a password-protected Black Rocket website to share with friends and family.

**Wow, Look What I Wrote Today (Grades 1-3)** #4350001

You will love hearing your child say “Wow, look what I wrote today!” when they embark on this reading, writing and imagination-adventure class that will teach your child to write “wow” sentences and stories. Each day, students will read an awe-inspiring “wow” book by a famous children’s author. Next, they will move on to create their own story inspired by the style and genre of the exciting book they just read. Before long, they will be writing colorfully detailed sentences and imaginatively entertaining stories. Wow!

**Writing Skills Development For High School Composition (Grades 9-12)** #4350206

Find your voice and leave your mark on the world! Whether you are six or sixty. it’s time to start a career as the next YouTube® star. **How To Certify Your Pet as an Official Therapy Dog #50721**

Therapy dog handler volunteers will be needed to bring a dose of joy and healing to those struggling with workplace stress, loneliness, depression, financial insecurity, and illness. If you ever needed stress relief, it is now as we reopen our society from a year of COVID pain. **How to Certify Your Pet as Therapy Dog** class will motivate the public to take this class offered by your college so they can be part of the healing process. Have you ever wanted to become a trained therapy dog handler, and have you and your dog certified by a legitimate, recognized agency? In this live, fast-paced online class, you will meet practicing therapy dog handlers, bringing joy and happiness to people in various environments and facilities? Our course shows you how to pass the therapy dog handler’s written and behavioral tests at the least cost and quickest way. The class provides a detailed understanding of the certifying process, dog training tips and resources, evaluation requirements, and post-class support as you work toward your therapy dog certification. We combine live student questions and answers, lectures, demonstrations, and videos of therapy dog evaluations used by different registering agencies. A comprehensive therapy handler resource guide with over 50 valuable website links is included in the course fee. The course is taught by Richard Katz, a nationally recognized therapy dog handler and college educator.
