

# UPCOMING EVENTS

## MARCH 15

11:00 AM - 12:30 PM  
LIB 166 / DISTANCE ED

### IMPACTful Community Building

As we work together to advance equity at ECC, there is a need to create space for healing and forward momentum. We realize that it is not enough just to stop the harm, or fixate on solving problems. As we have had the pleasure of getting to know many of the amazing folks working on campus, the need for widespread beloved community has become apparent. These sessions are based on radical inclusivity, and are spaces where people can be brave, be vulnerable, be reflective, and are encouraged to speak their truth to power.
