**FROM COMMITMENT TO CHANGE:
TAKING ACTION ON EQUITY**

The 2024 DEIA Symposium focuses on action-oriented approaches to equity and is designed to help our campus leaders, faculty, students, and staff work beyond words and turn the promise of equity into practice. Spend the day listening to a diverse panel of our campus community members; gaining insight and honing your practice through workshops lead by your own peers; celebrating our own in-house DEIA champions; getting inspired by our guest speakers; and being sustained by the community of one another.
