How will I know when it's time to complete a Progress Survey or Midterm Progress Report?

If you signed up to participate in a Progress Survey, you will receive an e-mail notification about any new surveys for you to complete. If you who have any student(s) in your class(es) who belong to one of the programs participating in online midterm grad reporting, you will receive a notification when the Midterm Progress Report is available for completion. You will also see banner notifications of any surveys and reports on your ECC Connect Home screen when you sign in.

Do I complete a Midterm Progress Report differently than I would a Progress Survey?

The Midterm Progress Report is the online version of the traditional hard-copy grade report used by many student support programs. Complete the Midterm Progress Report for each student on the survey roster by selecting the tracking item that represents the student's current grade in the class (e.g., Passing with an A, In Danger of Not Passing). The survey also allows you to include comments if you wish to provide additional information about student attendance, participation, and/or submission of assignments.

When I open my Midterm Progress Report, why don't I see all of the students who are enrolled in my class like I do when I complete a Progress Survey?

The Midterm Progress Report survey are not complete rosters. They only include students who belong to one of the participating student support programs.

If you would like to provide feedback for students in your class who do not appear on your Midterm Progress Report roster, you may initiate a flag or kudos from your My Students tab at any time!
