The minutes from February 23, 2022 were approved.

#### Campus Roadway @ Crenshaw & M.B.B

Clarification was needed for the roadway as it was last decided to be turned into a two-way road. The markings on the road appear to be one-way, as it leads you off of campus and onto Crenshaw Blvd. when you are travelling north through lot A. The road is supposed to be two-way and Chief Trevis will put a work order in for Facilities to have it fixed.

#### Roundtable

Mike T. - Updates:

- Police department is issuing citations for those parking in staff/faculty lots as well as management stalls without a staff/faculty permit. They are not citing students parked in student lots without a permit. Hopefully, the virtual parking system will be in place by fall. It is still being looked into.
- An employee's vehicle was stolen near Natural Sciences on Manhattan Beach Blvd.
- The police department is shorthanded. They are still concerned about jaywalkers and cars speeding on Manhattan Beach Blvd.

Tom – The stop sign exiting the five-story structure (lot H) is faded. Facilities is short on signs and has a list of stop signs that need to be replaced. The police department is ordering more signs.

The meeting ended at 1:22pm.
