

Police Advisory Committee
January 12, 2011

Present: Mike Trevis, Rebecca Cobb, Arlene Bautista, Angie Snider

The meeting began at 1:37 p.m. The minutes of the October 13, 2010 approved as written.

Construction Update

Over the winter break, the access road parallel to Crenshaw Boulevard was dug it up. The roots from the trees were cut and removed and then it was repaved. The third floor of the Business Math and Allied Health building is going up. It is scheduled to open fall of 2011 or beginning of 2012. The Social Sciences building is due to open next year. Upgrades are being done throughout the campus. There are plans to build a three-story parking structure off Manhattan Beach Boulevard. A new police station will be built there.

Incidents on Campus

On the first day of the winter intercession, there was a male student walking south through the modular buildings at Manhattan Beach Boulevard. A female subject was also walking north. As the southbound student passed the northbound student, he grabbed her, hit her hands out of the way, and he kept walking. The female subject called the police department. The police department had him in custody within three to four minutes. He was booked at the Los Angeles County Sheriff's Department a put under psychological observation.

Round Table

Rebecca Cobb

Today is Rebecca's third day as the Director of Student Development at El Camino College. Mike Trevis invited her to campus police and meet the staff.

Angie Snider

There is a group who meets in the Math and Computer Science building who discusses religious issues. It sounds like this group is running a counseling business. Mike will discuss this further with Donna Post who works in the computer lab.

When the Virginia Tech shooting occurred, information was distributed campus-wide. In light of the Arizona incident, can information be distributed again? Mike will refer this to the person who is responsible for distributing the information.

The meeting ended at 1:55 p.m.
