

Police Advisory Committee Meeting  
January 16, 2008

Rocky Bonura     Patricia Gebert     Leo Middleton     Sharin Nakayama  
 Stephen Port     Angie Snider     Dal Toruno     Harold Tyler  
 ASO Representative – Bessie Coronado

The meeting began at 1:38 pm

The minutes of the October 10, 2007 were approved as written.

Winter 2008 Intersession Update

Construction projects are ongoing. There have been a lot of officer initiated calls.

Introduction of New Officer

Officer Michael Desanto gave a brief introduction on himself. Officer Kenny Galan is on a call and will join the meeting after he is done.

Construction Update

Groundbreaking for the parking structure in Lot H will occur some time in February. Once the project begins it will further diminish parking on campus. The police department met with Facilities staff to discuss alternate parking plans. One suggestion is to allow parking along the peripheral road next to the Marsee Auditorium.

Compton Center Police Dept. News

Captain John Skipper has been working on the consolidation of the El Camino Police Department and the El Camino Compton Education Center Police Department. There are 9 officers at the EC Compton Center PD who will be incorporated into ECPD. Those officers will be assigned mainly to the Compton campus. There is also a lieutenant at the EC Compton Center PD.

EC Compton Center PD and El Camino PD have met with a consultant to discuss the consolidation of radio traffic for both campuses. The radio should be installed within 90 to 120 days.

El Camino PD just went online with a new dispatch system. The screens show what is occurring with several South Bay law enforcement agencies. It is anticipated that by April 1, 2008 the Compton Center PD will be incorporated into the El Camino Police Department.

New Chief of Police

The new chief of police should be on board around April 1, 2008.

### Round Table

Sharin Nakayama – Handicapped stalls that are lost during construction projects should be replaced in another lot. There is a concern for some students who have limited mobility (adaptive PE classes). Is it possible to have a shuttle service for them? Chief Port will look into this.

Does the police department have way to track non-handicap people using disabled stalls? Dal Toruno will obtain further information. Chief Port would like more case specific information such as names, pictures, etc. Once this information is available, he will meet with the person.

Parking Permits for Student Workers – Students who work on campus and attend El Camino College do not qualify for complimentary parking permits. Per the El Camino Police Department Guidelines for Parking Permit Requests, the student is required to purchase a student semester parking permit through the Cashier's Office which entitles them to park in the student/public lots.

Temporary Handicap Parking for Staff or Faculty members - Per the March 3, 2004 Parking Committee Minutes, the Special Resources Center would provide the request form and the director of Student Health Services is responsible for approving the request.

The meeting ended at 2:14 pm.
