Financial Aid

2024-2025:

- File Review opened for students selected for Verification on June 27 with the attached message (2024-25 Financial Aid Alert)
- About 4,000 students received this message
- Note: Financial aid switched to using the ProEd Solutions dashboard for verification, beginning with 2024-2025
- Note – as the Financial Aid office reviews files, we are unable to submit updates to the Department of Education (ED) until mid-August; this is because ED systems have not been updated to receive batch corrections from schools.
- Due to the ED delays with 2024-2025 processing, financial aid applicants will be exempt from Drop for Nonpayment for Fall 2024
- For CA Dream Act applicants, we began processing applications beginning July – number of applications are low so please help us help these students by encouraging them to apply for 2024-2025.

Summer 2024:

- Reminder that financial aid processing is manual and ongoing depending on the short-term summer courses
- Disbursement of summer aid is on a rolling basis with requirement that students must have at least 6 units of enrollment
- We are seeing and have receiving a high rate of Financial aid fraud cases for summer – have stopped about \$150,000 Pell grant from disbursement

Basic Needs Center:

- Closet:
 - Due to an abundant supply of donations, we are unable to accept clothing items until September 3rd.
- Warrior Pantry:
 - Averaging 80 students per day
- CalFresh
 - Increase in the number students applying to Cal Fresh as a result of new eligibility criteria. Within increase we are seeing more student who qualify as a result of the LPIE (Local Programs that Increase Employability) programs. LPIE are government run programs that increase an enrolled student's employability.
 - Increase in number of students we are assisting with re-certifying for their Cal Fresh benefits.
- Warrior Resource Program

- Spring Enrollment: 67
- Summer Enrollment: 35
- 51% of the Summer students are continuing from Spring
- 39 appointments attended for the Summer
