

CHILDREN AND LEARNING RESOURCES UNIT FACILITIES

To provide for the general welfare of all persons using the Learning Resources' facilities including the Schauerman Library, Library Media Technology Center, Learning Resource Center, Music Library and all division labs, the following policy has been approved:

To utilize the Library Media Technology Center (LMTC), Learning Center and all division computers users must present, upon request, a current ECC student ID card. These facilities are considered classrooms and follow the campus policy "children are not permitted in classrooms while class is in session".

When it is necessary to bring children to the Library, parents/guardians are expected to respect the needs of others in the facility. Children should not run, play on the stairs or in the facilities, use equipment (including computers), eat, drink, or otherwise disturb others using the facilities. The Division staff cannot be responsible for the safety, care or supervision of children of any age.

If an unattended child is found in the Division's facilities, Campus Police will be notified and the child may be taken to the Campus Police Office until the parent/guardian can be located.

A written copy of this policy will be given to individuals who do not observe the above policies, when appropriate.

This policy is subject to change without further notice.

10/1999. Approved by Instructional Services Division Council
Approved by the ECC College Council 03/2002
