* Contemporary Health 1 transfers to UC as an elective toward the 60-unit transfer minimum, but is not required for the UC system. It does meet a CSUGE requirement for the CSU's, and will help you earn an AA or AS degree from El Camino

**STEM sections designated for science majors in HTP

Spring 2019 Honors Courses

HTP COURSE REQUIREMENT

HTP students must complete at least one honors course each semester, for a total of five honors courses to complete the program. Students should meet with a counselor to ensure that they take the appropriate courses for their major and transfer institution. You must take an honors course in the Fall and Spring whereas Summer and Winter are optional. If you take an extra honors course in the Fall or Spring (2 or more) or in Winter or Summer (intersession) you may "bank" that course for a semester (fall or spring) when you are unable to take an honors course. Refer to the HTP Handbook on "how to bank an honors course".

New HTP students are required to take English 1A their first semester in the program, unless English 1A has already been completed or has been waived by AP exam. Taking an honors section of English 1A is recommended. The HTP currently offers three English courses, three history courses, and four communication studies courses; however, no more than two courses in the same IGETC area may count toward the five honors courses required to complete the program.

The STEM-course policy has changed. The HTP will no longer give honors credit for non-honors sections of certain science and math courses. For students joining the HTP after spring 2013, all five of your honors courses **must be honors-designated sections**, as listed on this handout. As with all other honors courses, no more than two courses in the same IGETC area will count as honors. Honors-designated courses will have either an H or T (honors notation) on the ECC transcript.
