

# INTERSECTIONALITY DAY VIRTUAL EVENT

**OCTOBER 30TH 10 AM to 11:30 AM**

We all intersect! Please join us for a virtual panel and a fun activity to understand the concept of intersectionality and how forms of discrimination and oppression overlap across various identities such as race, class, gender, religion, sexual orientation, ability, and more. By understanding one another, we can build community through empathy, solidarity, connection and see our shared humanity. This is a **FREE** event and it's open to all ECC students and community!
