

EOPS/CARE | EL CAMINO COLLEGE

ECC CONNECT

MID-TERM PROGRESS REPORTS

Online Progress Reports

EOPS is using ECC Connect to help faculty, staff, and students build success together. The purpose of progress reports is to support with the EOPS mid-term check in. The EOPS program seeks to empower students to make informed decisions about their education, and we want to assist the students who are not progressing academically in their course(s) prior to the "W" deadline. EOPS/CARE will follow up with students and keep instructors in the loop about student progress through ECC Connect.

What is ECC Connect?

ECC Connect is a system designed to provide a central location for students, instructors, counselors, and other support staff to connect and communicate.

When can faculty complete progress reports?

Complete Progress Reports for students in EOPS between March 22 through April 30. Please note that instructors can utilize ECC Connect at any time during the semester to raise flags for students that need support, even if it is outside of the progress report timeframe.

How to login to ECC Connect?

There are 3 ways to log in to ECC Connect.

1. ECC Connect link in MyECC.
2. ECC Connect in your Canvas Course.
3. By visiting the ECC Connect website.

Why ECC Connect?

- Quick and easy way to communicate with students.
- Build a student success network among instructors, counselors, and academic/student support programs.
- Easily access ECC Connect through Canvas and help students "stay on the path" by tracking attendance, grades, and overall academic performance via a shared platform.
