Introduction

Employment opportunities for students are designed to provide a balance between the academic pursuits of a student and the operational needs of a department. Student workers are not meant to be ongoing or permanent workers of the District or to be utilized as replacements for regular classified positions.

As a supervisor of a FWS student, you are an important part of the program. The purpose of this guide is to inform you about the policies and procedures of the FWS Program.

What is Federal Work Study (FWS)

The Federal Work-Study Program (FWS) is a federally funded program and is awarded to eligible students through the Financial Aid Office at El Camino College. The FWS Program affords students with an opportunity to work on or off campus and earn money to supplement expenses not covered by grants or loans. Additionally, students obtain valuable experience that may lead to their future career.

Who is eligible for Federal Work Study?

To be eligible for a FWS award, a student must:

- Complete a Free Application for Federal Student Aid (FAFSA)
- Be determined eligible and be awarded FWS
- Be enrolled in at least six (6) units for Fall and Spring semesters
- Maintain Satisfactory Academic Progress (SAP)

How students are awarded FWS

- Students receive an award letter
- Anyone interested in FWS is asked to complete a Job Request Form
 - Must complete one every year
- Eligibility is determined and anyone eligible receives a FWS Approval Notice
- Students will contact anyone who has completed a Student Employee Request Form for a possible interview

Steps to hiring FWS students

- Complete a Student Employee Request Form or Job Description
 - [Job Description](#)
- Request a FWS Approval Notice from the student
- Complete and submit the online FWS Payroll Authorization for a new employee

- Inform Human Resources via email with your employee's name and email
- Wait until Human Resources Approves the employee to allow her/him to begin working

Financial Aid Award/FWS Revisions

Students' awards are limited based on their cost of attendance and FWS is part of financial aid considered self-help meaning that students must earn their funds by working. Financial Aid Offices are required to prioritize financial aid, grants have first priority and FWS has second priority. A Work Study Award may decrease because students become eligible for additional grants such as Cal Grant and Scholarships. Departments will be informed as soon as possible when changes occur.

Increases

Some students may be eligible to have their FWS award increased; the decision to increase a student's award is based on eligibility and funding availability. To request an increase please wait until your student has earned 50 % of their award and send an email to federalworkstudy@elcamino.edu.

Hourly Rate

All students must be paid based on duties performed, refer to The Human Resources webpage for salary schedules. Financial Aid allows departments to set their employee's hourly rate; however, hourly rates must reflect job duties. For example, the hourly rate for students with no previous experience should be the minimum wage. As a reminder, Student Workers cannot exceed 20 hours of work per week.

Student Pay Rates

Student pay rates and their affiliated position titles are established by Human Resources and approved by the Board. A student's starting pay rate and any subsequent pay increases are determined by the supervisor and based on the scope of work of being done and the level of support provided by the student position:

Position Title	Job Duty Description
Student Worker II	Provides basic help under direct supervision. Duties may require some experience, knowledge, and skills.
Student Worker III	Provides support with duties that require additional experience, knowledge, and skills with a more varied workload and under moderate supervision.

Student Worker IV	Provides support in a moderate capacity. Requires some specialized knowledge, training, and skills for specific functions. Uses independent judgment and works under some direct supervision.
Student Worker V	Provides support in an advanced capacity. Requires specialized knowledge, training, and skills for specific functions and complex tasks. Uses independent judgment and works with minimal supervision.
Student Worker VI	Provides support and assistance in a highly advanced capacity. Requires highly specialized knowledge, skills, or training for specific, high-level functions, complex tasks, and special assignments on a regular basis. Uses independent judgment and works with minimal to

If these dates should fall on a Saturday or Sunday, their paychecks will be mailed on the Friday before the 10th. Notice that students may elect to get paid by using the direct deposit option (Contact Payroll for assistance)

If a student is not enrolled in winter intersession classes, but completed coursework at El Camino the previous semester and can verify that they are enrolled in classes for the upcoming semester, the student will not be subject to FICA taxes so long as the winter intersession is five weeks or less. The 25 hours per week maximum applies even if the student is not enrolled during the winter intersession.

Summer Employment

FWS awards are awarded for fall and spring semesters; however, the student may begin working as early as July 1st and they may continue working as late as June 30th. However, students may only earn their fall allocation during July 1st through the last day of the fall semester
