EOPS Extended Opportunity Programs & Services

EOPS & Special Resource Center
Inter-Program Referral Form

Student's Name: _____ ECC ID Number: _____

Student applying to EOPS for Term/Year: Fall 2026 Referral Date:_____

The Extended Opportunity Programs & Services (EOPS) regulations require students to be full-time (12 units) to be eligible for the EOPS program. Guidelines have been established to make academic accommodations for students with a disability that limits enrollment to less than full-time. A student having a disability, which limits their enrollment to less than nine units, but otherwise meets the eligibility criteria for EOPS, may be accepted into the EOPS program after verification of this limitation by the appropriate certificated Disabled Student Programs and Services (DSPS) staff. The DSPS office at El Camino College is called the Special Resource Center (SRC). EOPS will refer students to SRC to obtain disability verification. The SRC counselor/Specialist must verify that the student has a disability and establish the acceptable unit courseworkload for the student based on that disability. This information will be kept in the student's EOPS file.

Please note that participation in SRC is completely voluntary. The term of acceptance into the EOPS program is the only time that the SRC program must report information on a student who does not participate in the SRC program.
